## GENERAL FACULTIES COUNCIL

By FOLIO Staff

A meeting of General Faculties Council was held September 25, 1972.

### AUDIT PRIVILEGES EXPANDED

Following lengthy debate, Council voted to approve four of the five recommendations on audit privileges put forward by P. C. FLYNN, graduate student in the Department of Chemical Engineering.

The motion, designed "not to force faculties, departments or instructors to admit auditors, but to enable them to do so if they desire," is as follows:

"Individuals who are not enrolled in a University course for credit and who are not registered in a degree program may audit courses at The University of Alberta, subject to the following conditions:

1. The individual must receive permission from the course instructor, the chairman of the department, and the dean of the faculty in which the course is offered.
2. Such permission shall not in itself be a guarantee of admission to the class. The final decision shall weigh class size, impact on credit students, and other factors that the instructor, department or faculty establishes.
3. Courses audited in this manner will not be considered as meeting prerequisite, admission, or course requirements for any University degree program.
4. Individuals auditing courses shall limit their participation in the class to that deemed appropriate by the instructor."

A fifth proposal, regarding fees, was referred back to Council's Executive Committee.

## HOMECOMING '72

Homecoming '72 festivities will begin Friday, October 13 with a "Meet the Profs" wine and cheese party at the Faculty Club at 8 p.m. Saturday at 2 p.m. visiting alumni will be guests of the athletic department at the football game between the Golden Bears and The University of Calgary Dinosaurs. A pre-game "warm-up" and luncheon will be held at Lister Hall at 11:30 a.m. Tickets for all the events, including a banquet and ball, are available at the Alumni Office, 602 SUB, or at the door.

### WORTH REPORT

The Academic Development Committee requested and received approval that the Committee be allowed to submit a position paper, in its own name, to the Commission on Educational Planning. Originally, the reaction paper was to have been debated at Council and, if approved, was to have been submitted with Council's endorsement. Because of the October

15 deadline, however, there was not time to have Council debate the report.

### DANCE PROPOSAL REJECTED

In an annual report on new programs, departments, and negotiated development grants, the Academic Development Committee recommended that a proposed Department of Dance not be instituted at the present time. Council approved the report.

*Sixty-one years ago at Alberta College South (now St. Stephen's College residence), a professor's lecture was often accompanied by the sound of cattle in neighboring fields. Now, instructors throughout the campus are lecturing to the tune of heavy equipment and lunch break whistles as new University buildings fill up the available space.*
